GROWING A CCBHC FOR KENT COUNTY

Network180 Project Overview
Certified Community Behavioral Health Clinic
CCBHC at a glance

Core Concept: Create access to behavioral health for all that is evidence-based, outcomes-oriented and supported by sustainable funding.
CCBHCs: Current State Nationally

- Demonstration states require state-level participation, involve formal “prospective payment” model
- Expansion grants permitted CCBHCs to be certified in non-demonstration states
- Rumor has it that Michigan may be added to as a demonstration state under the CARES Act.
## CCBHC: 9 Core Services

Kent CCBHC & DCO Structure

DCO = “designated collaborating organization” or contracted provider partner
Key Goals from Network180’s CCBHC Proposal

Expand 24-hour Mobile Crisis Services
- Expand mobile crisis services to 24/7 for adults and children
- Increase monthly mobile crisis visits from 40 to at least 60 within 6 months of award

Expand Access to Mental Health and SUD Services
- Serve 2000 individuals including 200 veterans in year 1
- Provide outpatient treatment to at least 100 new clients within six months
- Cross train outpatient treatment staff in evidence-based mental health and SUD practices

Extend Integrated Primary Care with Partner Cherry Health
- Improve information exchange between Network180 and Cherry Health electronic health records
- Screen for Hepatitis and HIV
- Link clients in need of primary care to Cherry Health

Enhance Outcomes with Evidence-Based Practices
- Provide Seeking Safety, Motivational Interviewing, and other evidence-based practices
- Decrease Intensive Services and Increase Routine Services that Maintain Stabilization
CCBHC Grant High Level Timeline

- $2M Grant starts May 1, 2020
- Certifiable as CCBHC August 1, 2020
- Onboard all new staff Sept 1, 2020
- Serve first client Sept 1, 2020
- Meet Initial Crisis Performance Benchmarks October 1, 2020
- Possible 2nd Year of Funding May 1, 2021
- Second Year of Grant ends April 2022
Fit with Community Crisis Planning

• Health systems are highly strained due to COVID-19 – we are looking for small wins that move community planning forward without overwhelming already stressed participants

• Early interventions that address crisis before it escalates to a level necessitating ED or law enforcement involvement are a good place to begin

• Increasing mobile crisis services and access to outpatient care will keeps the crisis services momentum going
THANK YOU FOR YOUR SUPPORT!
